IT Statement of Work ...

Under the IT schedule, Quantech Services, Inc. may provide Information Technology Professional services across the full system lifecycle. These services include System Analysis, Financial Analysis, Program Management, Programming, Specialized Cost Services, and other IT activities that are performed according to demanding quality policies and procedures for commercial contracts. Ordering activities are encouraged to contact or work with a Quantech GSA ordering representative to plan/or specify their ordering requirements (see “How to Use this Contract” on the back of this brochure).

Quantech’s Core Capabilities...

• Financial Management Services

Quantech’s personnel are recognized leaders in financial management services with unsurpassed experience in appropriation law, budget formulation, financial analysis, budget execution and tracking, contract reconciliation and closeouts. Quantech also provides outstanding start to finish cost estimating, analysis and research services to our clients associated with all phases of the product life cycle. Our focus is always value added quantitative results utilizing the latest technology and automated tools/models.

• Program Management Services

Quantech provides innovative enterprise wide program management solutions for today’s challenging environment. We provide the tools, processes and competencies required for effective program management for both government and commercial acquisitions.

• Engineering Services

Quantech provides systems-based engineering services for large scale system acquisitions. We provide the skills, processes and expertise for effective engineering services for both government and commercial acquisitions. Quantech has the engineering life cycle development perspective to ensure superbly engineered systems produce the expected results.

How to use this contract...

The GSA Information Technology schedule (IT) is a competitively awarded schedule contract with fixed labor rates and is available to all federal agencies and their approved contractors. *These fixed hourly rates have already been determined “fair and reasonable” by the Government.* Task Orders referencing the GSA schedule number may flow directly from the agency to Quantech Services, Inc. There is no middle man, no need to advertise, and no need to deal with anyone outside your agency. Each agency has contract procedures to follow when using this streamlined and simplified procurement process. Refer to FAR 8.4 for complete details. The general steps to follow are:

STEPS

1. Quantech Services, Inc. meets with the customer to determine if support requirements exist.
2. The customer develops the project requirements (Statement of Work).
3. Quantech Services, Inc. may provide the customer with its suggested labor mix for the project and the prospective prices (Rough Order of Magnitude).
4. The customer provides the project requirements and funding documents to its internal Contracts Office.
5. The customer’s Contracts Office develops and issues an RFP/RFO to prospective offeror(s).
6. Quantech Services, Inc. develops its proposal/quote.
7. The Contracting Officer evaluates offer(s) and makes award.
8. The Contracting Officer issues a Task Order.
9. Quantech Services, Inc. begins work.
